Area or Dimensional Variances

Area variances may be granted where setback, frontage, lot size or yard requirements of this Code cannot be reasonably met. In making it's determination the ZBA shall take into consideration the benefit to the applicant if the variance is granted, as weighed against the detriment to the health, safety and welfare of the neighborhood or community by such grant. In making such determinations the board shall also consider the following criteria:

Please give a written response to each section.

- (1) Will an undesirable change be produced to the character of the neighborhood or a detriment to nearby properties be created by the granting of the area variance? NO.
- (2) Can the benefit sought by the applicant be achieved by some method, feasible to the applicant to pursue, other than an area variance? $N \circ$
- (3) Is the requested area variance substantial? \bigcirc
- (4) Will the proposed variance have an adverse effect or impact on the physical or environmental conditions in the neighborhood? \sim \sim
- (5) Has the alleged difficulty been self-created? This information shall be relevant to the decision of the board but shall not necessarily preclude granting of the variance.

617.20 Appendix B Short Environmental Assessment Form

Instructions for Completing

Part 1 - Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

Part 1 - Project and Sponsor Information (a foot sence in Stont yard Name of Action or Project: Project Location (describe, and attach a location map): 85 Boynton Avenue Brief Description of Proposed Action: (a foot sence in front yard
